PERSONAL SUMMARY

I am a passionate and self-driven Full Stack Website Developer and Media Production Specialist with a strong focus on front-end technologies. Proficient in building scalable, responsive, and user-friendly web applications, with additional expertise in live production systems and broadcast software. Skilled in OBS Studio, Atem Mini Production Software, and multi-camera live streaming setups. A highly adaptable problem solver and collaborative team player, I am committed to delivering high-quality digital experiences across both tech and media industries. Seeking opportunities to contribute to forward-thinking teams and grow into a leading figure in the tech and media production world.
